THE STUDY YEAR ABROAD EXPERIENCE

READ WHAT OUR STUDENTS HAVE TO
SAY ABOUT THEIR EXPERIENCES

" Alongside my English classes I studied Fashion and I'm really impressed of myself when I think about all the techniques that I have learnt. Next year, I'm going to do a Bachelors Degree in Luxury, Fashion Management and Communication at the London College of Contemporary Art. Chichester College helped me first of all with my English. I passed my IELTS exam and I was very well prepared thanks to the classes that I followed. "

PERSONAL DEVELOPMENT

For many of our students, this will be their first time living and studying abroad. They will be responsible for their studies and other commitments. With the support from our international team, young students have the opportunity to thrive and become more independent and responsible.

" Since my first day all the staff helped me with everything. And to be honest, I enjoyed my stay so much that I advised my sister to do the same next year and she is already registered. "

PROGRESSION ROUTES

Our students tend to progress to further education in the UK or abroad. The knowledge acquired during the Study Year Abroad will offer a good foundation to future studies and work opportunities.

" I have English classes 3 days a week with Cambridge exam classes in the afternoon and Hospitality and Management classes, too. There were theoretical and practical lessons and I enjoyed it a lot. The lectures were just amazing. My plan for the future is to do a Bachelors degree and a Masters degree in Hospitality and Management at "L'Institut Paul Bocuse" in France. At Chichester College the course helped me to be sure of what I'm doing next year. So it's been a great experience for me. "
