This pathway will allow you to explore theatre studies and acting in more depth, and give you the chance to visit world-class theatres and universities. Our expert tutors are practicing actors, directors and teachers who will introduce you to a variety of university and career options in this field. This programme will help you to develop your acting skills through the use of props, improvisation, and storytelling, as well as expert teaching in theatre directing, voice coaching and live performance.

Ioana-Maria Vijianu from Romania (below). Chosen career: Acting.

I have always wanted to study in the UK. When choosing a drama-focused programme, this course offered the best price and quality. It has a lot to offer. The teachers made us feel special and always pushed us a bit further. I improved my acting skills and was inspired to explore the topics we discussed in class in my own time. It was a great experience and I hope to come here again next year!

Viktoria Lapshina from Russia. Chosen degree: Management.

I loved the teachers and all the people here. Everyone made it feel like a second home and took care of each student. It was a great experience! I chose Drama because I wanted to try something new. I always watch movies and wanted to see how it is done backstage. It was challenging at first, but slowly I became more comfortable. The excursions were brilliant and the tour guides were fantastic! London is my favourite city, it's always alive. You find out something new every time you visit.
